

Commission and the diverse agricultural and agriculture-related organizations represented on the Committee. The purposes and objectives of the AAC are more fully set forth in its charter.

The meeting is open to the public. The Chairman of the AAC, Commissioner David D. Spears, is empowered to conduct the meeting in a fashion that will, in his judgment, facilitate the orderly conduct of business. Any member of the public who wishes to file a written statement with the AAC should mail a copy of the statement prior to the meeting to the attention of: The Agricultural Advisory Committee, c/o Commissioner David D. Spears, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581. Members of the public who wish to make oral statements should also inform Commissioner Spears in writing at the foregoing address at least three business days before the meeting. Reasonable provision will be made, if time permits, for an oral presentation of no more than five minutes each in duration.

For further information contact Jennifer A. Roe, Administrative Assistant to Commissioner Spears, at 202-418-5043, or Marcia K. Blase, Committee Management Officer, at 202-418-5138.

Issued by the Commission in Washington, DC, on November 15th, 1999.

Jean A. Webb,

Secretary of the Commission.

Notice of Intent To Prepare a Joint Use Supplement to the Final Programmatic Environmental Impact Statement (EIS) for the Disposal of Kelly Air Force Base (AFB), Texas

The United States Air Force (Air Force) is issuing this notice to advise the public of its intent to prepare a joint use supplement to the May 1997, Final Programmatic EIS, Disposal of Kelly AFB in San Antonio, Texas (Joint Use Supplemental EIS). The Greater Kelly Development Corporation (GKDC) has requested that the Air Force authorize joint civil and military use of portions of the airfield facilities at Kelly AFB and permit regular civilian aircraft operations. The Joint Use Supplemental EIS will analyze potential environmental impacts from GKDC's proposal and alternatives and will be considered in making decisions about joint use that will be documented in the Air Force's Record of Decision. The GKDC, the City of San Antonio, and the Federal Aviation Administration have been invited to act as cooperating agencies in this process.

On December 7, 1999, starting at 6:00 p.m., a public scoping meeting will be held at John F. Kennedy High School, 1922 South General McMullen Highway, San Antonio, Texas. The scoping meeting will be a forum for public officials and the community to provide information and comments relative to environmental issues and concerns that need to be assessed and discussed in the Joint Use Supplemental EIS. During the meeting, the Air Force will discuss the proposal for joint use of portions of Kelly AFB, describe the process involved in preparing a supplemental EIS, and ask for input on joint use alternatives. The Air Force will consider all comments offered by any federal, state, or local government agency, as well as any individual or private entity. The cumulative impacts of a proposed Texas Air National Guard mission change environmental assessment will be incorporated into the Joint Use Supplemental EIS.

To ensure sufficient time to adequately consider public comments concerning joint use alternatives, the Air Force recommends that comments be presented at the earliest possible date. The formal coping process will end January 7, 2000. The Air Force will, however, accept additional comments any time during the process.

Please direct written comments or requests for further information concerning the Joint Use Supplemental EIS to Jonathan D. Farthing, HQ AFCEE/ECA, 3207 North Road, Brooks AFB, TX 78235-5363, 210-536-3787, or fax to 210-536-3890.

Janet A. Long,

Air Force Federal Register Liaison Officer.

Intent To Prepare an Environmental Impact Statement/Environmental Impact Report (EIS/R) and Feasibility Report for the Upper Penitencia Creek, California, Flood Control Study

AGENCY: U.S. Army Corps of Engineers, DoD.

ACTION: Notice of intent.

SUMMARY: The San Francisco District, U.S. Army corps of Engineers, together with its non-Federal sponsor, the Santa Clara Valley Water district, is conducting a feasibility study for flood control along Upper Penitencia Creek, Santa Clara County, California. Based on the results of the reconnaissance study the Corps has determined there is a Federal interest in two alternatives that would modify the floodplain, construct a bypass culvert, and in the alternative, floodproof some structures. These alternatives would provide net economic benefits while minimizing environmental impacts. The Corps of Engineers is the lead agency for this project under the National Environmental Policy Act (NEPA), and the Santa Clara Valley Water district (SCVWD) is the lead agency under the California Environmental Quality Act (CEQA). The EIS/R will enable the lead agencies to comply with the requirements of NEPA and CEQA.

FOR FURTHER INFORMATION CONTACT: Written comments and questions regarding the scoping process or preparation of the EIS/R should be directed to Mr. Bill DeJager at (415) 977-8670 or Mr. Gary Flickinger at (415) 977-8548 at the U.S. Army Corps of
